

4 January 2018

Dear Parent/Carer

### **Eduqas Certificate in English – Year 9 Students**

We are writing to you to inform you about an exciting opportunity the Academy are investing in to help support Year 9 students achieve more in English.

With effect from January 2018, all Year 9 students will be enrolled for a recognised Eduqas Certificate in English. This will not only prove invaluable in their preparations for GCSE studies, but will also give them a nationally accepted English Qualification at the end of year 9.

The certificate will be delivered with effect from January 2018, and will be taught up to the final exams which will take place in the Summer Term. Alongside these final exams, students will also be required to sit internal exams throughout the Spring Term which will go towards their final overall mark for the certificate.

In order to deliver this course effectively, and give our students the best opportunity to succeed, we have re-organised students into smaller groups, which will be taught by specialist English teachers.

If you would like any further information on the course, or the exams, please feel free to contact us at the Academy or follow the link: <http://eduqas.co.uk/qualifications/english-language/entry-level>

Yours sincerely

Mr Critchley  
**Head of English**
