Dear Parent / Carer

GCSE GEOGRAPHY STUDY FIELD TRIP TO HOLDERNESS COAST

A Geography fieldwork visit to the Holderness Coast near Bridlington in East Yorkshire has been arranged for Year 9 GCSE Geography students on Tuesday 19 June 2018.

The visit is organised to help our students to study the characteristics of this particular coastline. The information obtained will form a valuable source of field research and is the essential main source of primary background material for one of the GCSE exams.

The basic details of the visit are as follows:

Cost	Funded by the Academy. The Humanities department funds all worksheets and other resources.
Clothing	Academy uniform is not required. However, sensible shoes and warm, clothing for wet/cold weather are essential.
Food	Bring a packed lunch. For those on free lunches, a packed lunch will be provided.
Time	The trip will depart from Bulwell Academy at 8.00am and return by 6.00pm.

Please complete and return the enclosed OFF-SITE ACTIVITY PARENTAL CONSENT FORM to Mr Matthews. *Your child will not be able to go on the trip without this form being returned.*

Yours sincerely

Mr J. Matthews
Teaching & Learning Leader, Humanities
