7 February 2019

Dear Parent / Carer

**Taking the next steps towards career success**  
**6th Form Open Evening, Wednesday 13 February 2019, 4.30–6.30 pm**

---

Our students are reaching the final months of their secondary education. This is a time for focus on studies, hard work and being sure that your child has plans in place for their next stage of learning.

Your child is working hard to obtain great results and will have to decide where to study next in order to achieve their career goals and employment ambitions.

We believe that it is important for your child to use the next two years to gain as much work experience and understanding of their future chosen industry as possible. Employers want qualifications and experience matched with a positive '*I can do that*' attitude.

**Our success rates for our small but thriving sixth form indicate that we are amongst the highest achieving providers of Further Education in England.**

If your child is thinking about a future career that needs an understanding of **Business, Health & Social Care, Performing Arts or Sport** – we have an excellent offer for them, complimented by A level courses including **Applied Science, Art, Psychology and Food Science & Nutrition**.

We would be delighted if you could join us at our special Open Evening on Wednesday 13 February. This event will set out what exactly they can expect by joining our Sixth Form and be assured that they will be taking their first steps towards a successful future.

We hope you will join us.

Yours sincerely

A handwritten signature in black ink, appearing to read 'M Strong'.
