

We aim to provide an education tailored to meet the needs of each of our students to ensure they are ready to embrace their future as successful 21st century citizens.

Our courses are targeted to support those who are interested in a career within the Care or Sports professions as well as those wishing to develop a wider understanding of Business and the tremendous range of jobs within all these sectors.

Preparing for the world of work

Sixth Form at the Bulwell Academy gives students exceptional opportunities to consider how their learning will help them with their future career. Our vocational subjects enable students to gain valuable practical experience of the work environment as well as explore the range of different options open to them.

We have extensive partnerships with local universities and employers which offer considerable enrichment to academic studies. Whether students are planning to progress to university or into employment, there are a range of activities available to help them develop the best chance to secure the future they want.

For further information on the subjects offered for study as well as the enrichment activities, to include the Nottingham Forest Football Development Programme, please see our website www.bulwellacademy.co.uk and click on the tab entitled 'Making Learning Choices'.

Sixth Form 2017-19

Everyone Achieves

Business@Bulwell

Many of the 'starter jobs' offered to young people require an understanding of the world of work with good administrative skills and a positive perspective on the business world.

This course will give students a clear introduction to all elements of a business from marketing and public relations, event and budget management to running a small business and enterprise skills.

Our Business offer gives students a unique opportunity to benefit from our outstanding business partnerships that bring business to life. The course covers aspects that entrepreneurs need to be aware of when starting a business to the management of marketing. Studying this course can give you a route to employment or enable you to specialise in a business subject at university.

Sport@Bulwell

When standing at the starting blocks of your career in Sport, you need to know that it's a remarkably competitive industry to join.

As well as a good academic background, you'll need to know about motivating others, leading and working in teams as well as an understanding of the industry covering everything from fitness management to competitive sport.

This course is enriched through an extensive menu of personal development opportunities including those offered in partnership with Nottingham Forest and community partners. Students will gain coaching and sports-industry work experience to give them the best chance for success.

Create your own Sixth Form study (mix)

Level 3 Extended Certificate in Applied Science (AQA)

This science qualification will give a solid academic background to enhance your knowledge and support those students wishing to study science-based subjects at university.

Double & Single unit options:

Students can study a double unit in BTEC Business or Health & Social Care and blend this with Applied Science or a single unit in Business or Social Care

Care@Bulwell

There are a surprisingly large range of careers for those who wish to work in the Care Sector – some jobs you may know about, many you won't have heard of.

The Care@Bulwell programme gives you an insight into a wide range of caring jobs from care home manager, social worker to paramedic or midwife through industry insights, work experience and an interesting, interactive study programme.

There are careers that combine great pay and personal challenges as well as the reward of making a difference to those you help. This course provides an excellent foundation for your career within the health care sector with progression routes to university or employment.

In addition to the core offers of study and employability skills, there is also ample opportunity to undertake further activities to enrich personal skills through work experience, mentoring and visiting local businesses.

*For further information, please contact:
Mrs R Yarnall, Head of Sixth Form
Mr K Turner, Deputy Head of Sixth Form
Mrs A. Bingham, Director of Business & Enterprise*
