

22 November 2017

Dear Parent / Carer

Taking the next steps towards career success
Sixth Form Open Evening
Wednesday 29 November 2017, Refreshments at 5.00 for 5.30 start-6.30pm

As a parent supporting their child who is about to take their next steps towards a good job and a happy life, it can be a worrying time. Your child is working hard for great results and they have to decide where to study next.

We encourage all our students to think about what they need to study to make their ambitions come true. On top of knowing what to study, it is important to use the next two years to gain as much work experience and understanding of their future chosen industry as possible.

Employers want qualifications and experience matched with a positive '*I can do that*' attitude.

If your child is thinking about a career that needs an understanding of Business, Health & Social Care, Sport or Hairdressing – we have a very exciting offer for them complimented by other courses. They may have already developed some ideas about where they wish to go next. If they are interested in any of the careers we're talking about we would be delighted if you could join us at our special Open Evening on Wednesday 29 November.

We have arranged a briefing session to introduce Sixth Form to our students and to outline what they can expect from taking up our bespoke offer. They'll be taking their first steps towards a successful future.

Our success rates for our small but thriving sixth form indicate that we are amongst the highest achieving providers of Further Education in England. We will explain more when we meet you.

We hope you will join us.

Yours sincerely
