Taking the next steps towards career success

Sixth Form Open Evening

Wednesday 29 November 2017

Refreshments at 5.00 for 5.30 start-6.30pm

Year 11 is all about working hard for great results and deciding where and what to study next.

You need to be thinking about what you need to study to make your ambitions come true. On top of knowing what to study, it is important to use the next two years to gain as much work experience and understanding of your future chosen industry as possible.

Employers want qualifications and experience matched with a positive *'I can do that'* attitude.

If you are thinking about a career that needs an understanding of Business, Health & Social Care, Sport or Hairdressing – we have a very exciting offer for you complimented by other courses. You may have already developed some ideas about where you wish to go next. If you are interested in any of the careers we're talking about we would be delighted if you could join us at our special Open Evening on Wednesday 29 November.

We have arranged a briefing session to introduce Sixth Form to all Year 11 students and to outline what you can expect from taking up our bespoke offer. You will be taking your first steps towards a successful future.

Our success rates for our small but thriving sixth form indicate that we are amongst the highest achieving providers of Further Education in England. Come along to the Open Evening and we will explain more!
