

The Bulwell Academy Ethos and Vision

The vision for the Academy is one where everybody will achieve the highest standards and where the Academy will maximise everyone's potential.

'Everyone Achieves'

The Academy in Bulwell will be:

An Academy That Inspires Everyone To Develop The Skills, Knowledge, Desire And Confidence To Succeed

It will:

1. Establish a broad, balanced and innovative curriculum which integrates theory and practice and has enterprise and 'learning by doing' at its core.
2. Be relentlessly focussed on developing the potential of all students, helping them learn for themselves and then support others.
3. Foster creativity and initiative, encouraging everyone to aim for excellence in all they do.
4. Build pride by valuing each and every individual and equipping them to take responsibility for their own actions.
5. Provide a range of additional enrichment activities for every student beyond the normal academy day.
6. Build strong partnerships with parents, carers and the local community, with the academy becoming a centre of learning for the local community.
7. Work with a range of partners, including business, further and higher education to enhance the curriculum and provide work placements.
8. Recruit, retain and develop high quality, enterprising and open minded staff that are positive, cooperative and contributing members of the local community and make best use of existing and new staff expertise.
9. Make extensive and innovative use of well designed ICT to engage learners and improve teaching and administration.
